PROTESTED -- JULY 9, 1931 -- by -- A. CHARLEBOIS, -- YERINGTON, -- NEVADA. -- NO. 21700. -----

APPROVAL

This permit to change the point of diversion and place of use of 0.86 of a cubic foot of the decreed waters of the Main Walker River with a priority of 1872 is granted with the understanding that no other rights on the source will be affected by the change proposed herein. It is further understood such permit to change shall be effective only when the East Fork is contributing to the flow of the main stream in amount of water equal to or greater than that herein allowed under this change, and the priorities being served on said main stream below the confluence of the East and West Forks are equal to or greater than 1872. Any transportation losses sustained by users on the main stream as the result of this change are to be deducted from the amount of water transferred. This permit is granted subject to the control and regulation of the duly appointed water commissioner at any and all times.

The amount of water to be changed shall be limited to 0.86 of a cubic foot of water per second.

Actual construction work shall begin on or before April 1, 1936

Proof of commencement of work shall be filed before May 1, 1936

Work must be prosecuted with reasonable diligence and be completed on or before April 1, 1938

Proof of completion of work shall be filed before May 1, 1938

Application of water to beneficial use shall be made on or before

April 1, 1939. Proof of the application of water to beneficial use must be filed with State Engineer on or before May 1, 1939
